

# How can you support your child at home?

## Year 4 Curriculum Autumn Term

### Maths

#### Times Tables

Children need to know their Times Tables fluently. All children have access to Times Tables Rockstars. Every child in Year 4 has a login for this in their planners. Please ensure that the children are using this regularly. By the end of Year 4 children are expected to know all their times tables! They also have a Multiplication Tables Check in June 2022 to check their progress.

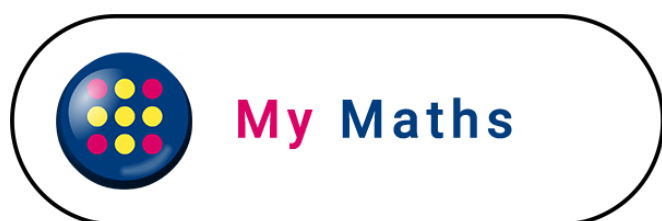

#### My Maths

All children in year 4 have a login for My Maths in their planners. The children can access lessons online as well as the homework sheets that teachers assign for them. Have an explore and see the different lessons you can learn.

In the Autumn Term we will cover; Place value, Addition and Subtraction, Measurement Length and Perimeter and Multiplication and Division.

Where possible please support your child.

**Reading** Reading Plus is a good way to develop the children's reading and comprehension skills. It is also helps in motivating them to become successful readers. We highly recommend you encourage your child to read regularly. Their login details are in their planners.

In addition to Reading Plus, the children take home a reading book on a daily basis. Please find time to hear them read as well as discussing the book with them. This will have a huge impact on their learning across the curriculum. You can record a comment in their planner as well.

## Purple Mash

reading  plus®

Purple Mash is a great resource for the children to be using at home. It has English, maths, science, computing, history, geography and art. Your child could look at things we have already learnt, or look at the topic and science section below to see what we are learning next half term.

In computing our focus during the Autumn term will be Branching Database and Excel Spreadsheets.

## Handwriting

In year 4, children should be writing in joined handwriting with the letters a consistent size. Please encourage your child to practice at home on a regular basis. They have a login in their planner for Letter-Join to help them learn the correct joins.

Letter-join 

## Topic and Science

During **Autumn 1**, our topic has a geography focus; 'Angry Earth' and in science, we are focusing on solids, liquids and gases.

### STATES OF MATTER

During **Autumn 2**, 'Ground Breaking Greeks' is our history topic. In science lessons, the children will learn about 'Sound'
