

How can you support your child at home?

Year 6 Curriculum Summer Term

Maths

Times Tables

Children need to know their Times Tables fluently. All children have access to Times Tables Rockstars. This website provides a carefully sequenced programme of daily times tables practice.

Every child in Year 6 has a login for this in their planners. Please ensure that the children are using this regularly.

My Maths

All children in Year 6 have a login for My Maths in their planners. Homework is set for them every Friday. The homework will always be linked to the topic that has been covered that week. This is a beneficial way of consolidation of what they have learnt. We urge you to encourage your child to log in regularly.

My Maths

In the Summer Term we will cover Shape and Geometry. We will also be recapping some topics in preparation for the SATs. Following the SATs we will be looking at Money Sense which helps teach students about money at home, abroad and in schools.

Shape and Geometry	Money Sense
<ul style="list-style-type: none"> Measuring Angles Calculating Angles Angles in a triangle Angles in a Quadrilateral Angles in Polygons Circles Nets of 3D Shapes 	<ul style="list-style-type: none"> How to pay for things? Bank Accounts Debit and Credit Cards Jobs and Money Planning a Simple Budget Keeping Money Safe Currency Exchange

Reading Plus

Reading Plus is a good way to develop the children's reading and comprehension skills. It also helps in motivating them to become successful readers. We highly recommend you encourage your child to read regularly. Their login details are in their planners.

In addition to this, the children take home a reading book on a daily basis. Please find time to hear them read as well as discussing the book with them. This will have a huge impact on their learning across the curriculum. You can record a comment in their planner as well.

Purple Mash

Purple Mash is a great resource for the children to be using at home. It has English, Maths, Science, Computing, Topic and Art. Your child could look at things we have already learnt, or look at the Topic and Science section below to see what we are learning next half term.

In computing our focus during the Summer term will be Networks and Coding.

Handwriting

In Year 6, children should be writing in joined handwriting with the letters a consistent size. Encourage your child to practice at home on a regular basis. They have a login in their planner for Letter-join to help them learn the correct joins.

Letter-join 

Topic/Science

Our topics in the Summer are Hola Mexico and Keep it Pumping (The Heart). Also, our Science focus in the Summer Term will be Animals including Humans. We advise you to encourage your child to research these topics safely using www.Kiddle.co which is a search engine for children. A QR code has been provided.
