More crafts to do at home

Mobile stand fun craft

Here is a great fun craft to do that is also useful. This mobile stand is made with toilet paper roll that is decorated with tape. The roll is slit in the center to let the mobile stand in it. You need to then attach four pins to the bottom of the roll so that it stands on a table

Glove monsters

Make these cute and cuddly mitten soft toys as fun crafts for kids. All you need are mittens and stuffing. Stuff the mitten well and then sew the opening up. You can decorate the front of the mitten to look like monsters with eyes and a mouth.

Sponge boats

This incredibly fun arts and craft project is the perfect thing to do on a hot summer's day. The sponge is cut into shapes and then a paper sail is added to it. The sponge will float on the water and this looks very cute
