Friday 17th January 2020

Hello everyone,

Despite the dark rainy weather we have had a fun-filled week at Thornton. Our lower phase of the school have a historical focus this term where they are learning about The Romans in Year three and The Egyptians in Year four. They cannot wait to go on their school trips later this term!

We have some important dates for the diary coming up; Parents Evening (siblings) on Wednesday 29th January and Wednesday 5th February (non-siblings).

We look forward to seeing you and sharing all the fantastic learning that has taken place over the last term. Have a great weekend!

Behaviour Approach Update

We are really impressed with the children getting to grips to quickly with our 'Ready, Respectful, Safe' behaviour expectations. It is really motivating to hear so many children being recognised for their effort and receiving well deserved praise, both in the classroom and on the playground.

In the classrooms, the children are striving hard to ensure their name gets placed on the Recognition Board. These boards have a focus that everyone in the class tries to achieve, for example it may be everyone in one class is trying to 'listen carefully to each other during class discussions'. The focus changes every few days, or at least once a week. The whole class work as a team to help ensure that everyone gets their name on the board it's great for encouraging support of one another to achieve success. As well as this, the children have the responsibility to recognise each others' success and the right to nominate one another to get their name on the board.

Coming next...rewarding those children who have gone 'above and beyond'.

Tuck Shop

At Thornton Primary we are keen to promote healthy life style choices. So with this in mind, we will be phasing out the cereal bars and the fruit jelly from our tuck shop. Instead, the children will have a choice of fruit and other healthier options with less sugar and fat content. The tuck shop is available in the mornings before school starts and during break. Please do encourage the children to either purchase fruit from the tuck-shop (which will cost as little as 10p), or maybe they could bring something healthy to eat from home during their break. It has been proven time and time again that children need energy to aid their concentration and ultimately their ability to learn. A healthy mid-morning snack is a great way to boost their energy levels ready for their next lesson.

Reading Plus

Years Four, Five and Six are now using Reading Plus. This program, which helps develop reading fluency and understanding, also introduces children to a wide range of information. This is a great way to boost their general knowledge. Children get several opportunities to use it each week in school. It will really help your child make even better progress if you can support them to use Reading Plus regularly at home.

Well done to **Barn Owl 5** for completing 178 lessons last week. What a wonderful effort to improve your reading! I wonder which class will read the most this week..

If you have any queries, please speak to your child's class teacher.
