

# How can you support your child at home?

## Year 5 curriculum Spring Term

### Maths

#### Times Tables

Children need to know their Times Tables fluently. All children have access to Times Tables Rockstars. This website provides a carefully sequenced programme of daily times tables practice. Every child in Year 5 has a login for this in their planners. Please ensure that the children are using this regularly.

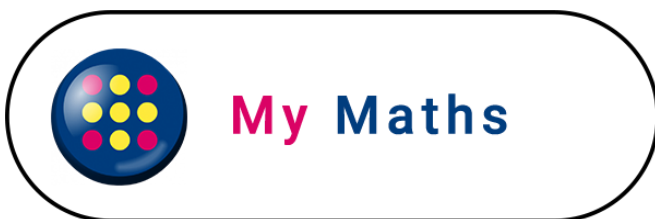

#### My Maths

All children in Year 5 have a login for My Maths in their planners. Homework is set for them every Friday. The homework will always be linked to whatever the topic has been covered that week. This is a beneficial way of consolidation of what they have learnt. We urge you to encourage your child to log in regularly.

In the Spring Term we will cover; multiplication and division, fractions, decimals and percentages. Where possible please support your child.

## Reading plus

Reading Plus is a good way to develop the children's reading and comprehension skills. It is also helps in motivating them to become successful readers. We highly recommend you encourage your child to read regularly. Their login details are in their planners.

In addition to this, the children take home a reading book on a daily basis. Please find time to listen to them read as well as discussing the book with them. This will have a huge impact on their learning across the curriculum. You can also record a comment in their planner as well.

## Handwriting

In Year 5, children should be writing in joined handwriting with the letters a consistent size. Encourage your child to practice at home on a regular basis. They have a login in their planner for Letter-Join to help them learn the correct joins.

Letter-join 

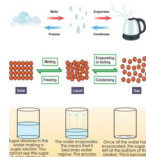

## Topic/Science

Our topics in Spring are Frozen Kingdom and Scream Machines. In Frozen Kingdom, we will be looking at the geographical aspects of the Polar regions and Scream Machines will be all about Theme Parks.

In Science, we will be learning about Materials and their properties. Please encourage your child to research and find out more about them.

Materials And Their Properties

Frozen Kingdom

Scream Machines
